

Network Control Matrix
Version 4.0 May 2014

Rail Industry Work Role

Network Controller	Terminal Coordinator	Programmers	Coal Logistics Coordinators	Train Transit Managers	Operations Support Manager
--------------------	----------------------	-------------	-----------------------------	------------------------	----------------------------

Current National Unit Of Competency

TLIE3022A Complete workplace documents
TLIE3023A – Use electronic communication systems
TLIF2010A - Apply fatigue management strategies
TLIF4086A – Control and co-ordinate incident response
TLIF3087A – Follow occupational health, safety and environmental procedures in the rail industry
TLIF4090A – Implement safeworking rules and regulations for network control activities
TLIG1001A – Work effectively with others
TLII4022A - Identify and meet customer requirements
TLIL4074A – Control and co-ordinate rail traffic movement
TLIL4075A – Implement and amend daily train plan
TLIB3118A – Apply awareness of railway fundamentals
TLIF3058A – Apply safeworking rules and regulations to rail functions
TLIL4040A – Plan and control daily train operations
TLIF2081B - Perform lookout duties
TLIC2081A - Pilot rail traffic within work on track authority limits
TLIF3083B - Conduct track protection assessment
TLIL3082A - Implement absolute signal blocking
HLTAD003 - Apply First Aid
CPCCOHS1001A Work safely in the construction industry
TLIF2080C Safely Access the Rail Corridor
