

TLI32821 Certificate III in Rail Operations - Group A Yard Coordination

Release Status: Current
Release 1 – 22/11/2021

This is a qualification for a person engaged in controlling rail traffic movements and operations within a defined or local area.

It involves a broad range of skilled applications applied in a wide variety of contexts, which may involve application of some discretion and judgment in selecting equipment, services or contingency measures. It may also include responsibility for coordinating the work of others.

Training Solutions

The Instruction Company offers tailored training solutions using a range of methods including face-to-face delivery, self-paced activities, research, simulations, workplace practical application of skills and supervised learning activities.

This ensures that both the needs of the employer and student are being met and students develop the job skills required.

The training is conducted by a qualified, industry current, trainer and assessor to ensure the learning is relevant and up to date.

The Instruction Company

The Instruction Company (TIC) is a Registered Training Organisation (RTO) who has been providing tailored training and assessment solutions in the rail industry since 2000.

Enrolment Requirements

There are no formal entry requirements for this qualification, although applicants will need to undertake an LLN assessment.

Duration

This qualification is typically delivered over a minimum duration of 6 months.

Practical Workplace Component

This qualification requires students to undertake practical activities in a workplace setting. Students will be provided a logbook with details about the activities to be undertaken in the workplace for each unit of competency.
